Kilauea, L. I. S. N. Co., alternate Tuesdays and Fridays.

## Morning Cable Report

(Continued from Page One.)

CHIHUAHUA, Mexico, April 13.—General Orozco announced yesterday that he would not acknowledge the right of Consul Letcher, the American representative, to interfere in his treatment of American citizens until his government had been recognized at Washington.

CITY OF MEXICO, April 13.—American engineers and conductors employed on the Mexican national railways will leave the service of the lines Wednesday, as their presence has been the cause of much friction.

PHILADELPHIA, April 13.—The Republican presidential primaries will be held in this state today. A preliminary canvass shows sixty delegates for Taft and sixteen for Roosevelt.

LYNN, Mass., April 13.—George Marsh, a wealthy manufacturer, was mysteriously murdered here last night. His body was found in his automobile.

WASHINGTON, April 13.—The senate yesterday passed the army appropriation bill carrying \$95,314,710.

GREENVILLE, Miss., April 13.—The levee nineteen miles north of this city broke last night and it is feared that sixty townships will be under water before it can be repaired.

NEW YORK, April 13.—The railroad engineers who voted yesterday to go on strike demand increases in salary varying from 2 to 40 per cent. The managers in replying pointed out that it would cost seven million dollars to comply with the demand and would bankrupt many small roads.

gers will be landed here.

The Mongolia, which is scheduled to arrive on the same date, has not yet been heard from. On this same date the Wilhelmina is due and the Lurline sails. It is also possible that the Harpalion, which may be anywhere between Gibraltar and Honolulu, but is about due, will arrive in which case the customs and immigration people, to say nothing of the marine hospital corps, will have one of the biggest days in the history of the port. The Harpalion itself is looked forward to with no little anxiety and if she happens along on the same day with a full steamer from the Orient with a big steerage and two steamers from the Coast there will be a congestion in the port which will make Honolulu's harbor look like a sampan cove on the lee side of Hawaii.

#### INTER-ISLAND ARRIVALS.

The Inter-Island steamers Mauna Loa and Mauna Kea arrived in port this morning, the former from Honolulu with sugar and the latter from Hilo and way ports with a big passenger list, including delegates to the Territorial conventions, and a small cargo of general freight.

The Mauna Kea reported pleasant weather on both the outward and homeward trips without incident. She further reports the Maui at Kohala, due here Sunday with sugar from Oekala and Kohala and cattle from Maui, the Wallele at Honokaa, the Kaula and Kaula at Kukuhaele, the Claudine and Mikahala at Lahaina. The barkentine Emigh sailed Friday from Hilo for the Coast in ballast. The schooners Patterson and Spokane are discharging at the railroad wharf in Hilo and the K. P. Hithet, which went out of here in tow of the Lurline, was at Mahukona yesterday loading sugar. The Mauna Kea's cargo included 1117 feet of ohia lumber.

The passengers on the Mauna Kea were the following:

Dr. W. H. Davis and wife, E. G. Swift and wife, Mrs. M. E. Coulter, W. B. Faville and wife, H. H. Anderson, Mrs. H. R. Phelps, Miss Phelps, Mrs. J. Sebastian, Mrs. J. A. Gauger, Misses Bradshaw (2), Mrs. S. Bradshaw, Miss A. Walker, Mrs. L. K. Walker, R. J. Gaffney, Miss S. B. Forster, Miss M. Christopherson, Dr. A. Irwin, H. Irwin, A. L. Moses, C. H. Hitchcock, H. J. Lyman, E. M. Osorio, D. Namahoe, S. W. Kallehoia, C. Weatherbee, E. H. Austin, O. W. Rose, J. Bohnenberg, D. Ewallko, W. H. Beers, E. da Silva, A. M. Cabrinha, J. W. Aldron, Miss C. Reid, J. M. Ross, J. Fitzpatrick, C. H. Brown, J. H. Townsend, Mrs. Paa and child, Mrs. C. A. Cash, Miss O. Horner, G. T. Coulter and wife, J. Young, D. McCriston, K. B. Van Harlinger, J. C. Mocone, Miss Harrison, Mrs. Harrison, F. H. Lamb and wife, D. G. May, C. Wolters, L. Sing Cho, wife and child, D. F. North, H. H. Mynard.

#### HONGKONG MARU ARRIVES.

The Japanese steamer Hongkong Maru, from Manzanillo and South American ports, dropped anchor off port this morning at seven o'clock and underwent a five-hour fumigation before coming into the harbor. This steamer, manned entirely by Japanese from Captain H. Hinokuma down to the boy who peels potatoes, brings no passengers and no mail for Honolulu but will land 600 tons of nitrates here and will take on 300 tons of coal while in port. She has on board thirteen cabin passengers and a big steerage for the Orient, and 3400 tons of fertilizer in the through cargo. She will probably sail for Yokohama, other Japanese ports and Hongkong, on Tuesday.

#### SUGAR AWAITING SHIPMENT.

The Mauna Kea reports the following quantities of sugar awaiting shipment in various island ports: Olan 39,200 bags, Waikaele 20,000, Hawaii Mill 6200, Hilo Sugar Co. 21,500, Onomea 24,228, Pepeekeo 14,200, Honoumou 5000, Hakalau 30,400, Laupahoehoe 19,000, Kailiki 5600, Kukaia (P.) 1733, Kukaia (M.) 2982, Hamakua Mill 17,800, Paauhau 22,300, Honokaa 7700, Kukuhaele 2000, Punaluu 15,583, Honuapo 10,106.

#### PERSIA HEARD FROM.

The Pacific Mail steamer Persia reported to the local agents last night by wireless that she would arrive here Tuesday at three p. m., from the Orient with 500 tons of freight on board for this port and, including cabin and Asiatic steerage, about 200 passen-

gers from Honolulu but she had on board 10,000 sacks of sugar, which she is discharging today at railroad wharf, and one horse.

#### BATTERIES DESIGNED FOR ELECTRIC HATS

CHICAGO, March 31.—An active demand for "incandescent hats," the first of which were displayed here several days ago during the convention of dressmakers, has caused the Commonwealth Edison Company to get out a number of designs, all operated from small dry batteries in the crown of the hat. One new design was exposed in the window yesterday. It contains tiny orange bulbs, about the size and shape of small tangerines, and connected with green wires looped with orange and other blossoms in decorative fashion.

New designs, to be completed this week, will imitate rosebuds and all sorts of flowers in which the bulb formation can figure. It is also planned to relieve the weight of the electric hat by carrying a battery in the corset.

When the suffragettes get what they are after and an election goes wrong a man will have one thing more to blame on his wife.

## Baltimore Sun Heaters

Honolulu, Oct. 27, 1911.

My Dear Mr. Axtell:--

At the suggestion of Mr. Trent I have taken in a sun-heater, and with such good results that I feel sorry for any one who has to put up with the old way of heating water for domestic use. If the sun shines one hour a day I get all the hot water I want.

There is no trouble about it, and no cost beyond the cost of installation.

Very truly yours,

WALTER G. SMITH.
